ABOUT

Score for the Cure is a hockey experience created by a group of impassioned volunteers who love hockey and have been, or know someone who has been, impacted by Type 1 Diabetes (T1D). The event will include a carnival like tailgate party, hockey game, ice challenges, open skate, and much more, with proceeds benefiting the lifesaving research of JDRF. Score for the Cure is scheduled for Saturday, August 14, 2021 at The Revolution Ice Gardens in Warminster, Pennsylvania.

WHAT IS JDRF?

JDRF is the leading global organization funding Type 1 Diabetes research with a vision of creating a world without diabetes by improving lives today and tomorrow by accelerating life-changing breakthroughs to cure, prevent, and treat T1D and its complications.

WHAT IS T1D?

TYPE 1 DIABETES — sometimes called Juvenile Diabetes, Diabetes Mellitus, or T1D — is a chronic condition in which the pancreas no longer produces insulin — a hormone essential to turning food into energy. Without insulin, the human body cannot regulate blood glucose and cannot survive. T1D can't be reversed. Exercise, diet, medication can all help but will not cure T1D.

Daily life with T1D brings a multitude of challenges, including monitoring glucose and insulin levels that need to be carefully balanced with activity and nutrition, sleepless nights, stressful days, myriad risks and complications — and wishing for a tomorrow where this struggle doesn't exist.

There is no cure. But there is hope.

Your generosity will help JDRF fund life-changing breakthroughs to remove the incredible daily burden of this disease — until it no longer exists.
